

CRISTIAN VAN DIEMEN RIBAS

Senior Tennis Professional & Junior Program Director

Cristian started his career as a professional coach more than 10 years ago, after reaching the top 70 in the Spanish National Rankings.

Since an early age, he has always been very clear about his motivations: a continuous strive for professional growth, a passion for learning, maintaining a high level of discipline without losing sight of the enjoyment in the journey.

He is considered a visionary coach, very complete and versatile, having trained everyone from 3 year old toddlers to ATP and WTA players. His international experience firstly as a player and secondly as a coach has given him a global and advanced knowledge of the world of tennis.

After coaching in Spain, Belgium and the Netherlands, he is now in Hong Kong ready to inspire all those as passionate about tennis as him.
